

Black Diamond Coffee was founded by three siblings passionate about skiing, family and good coffee. Black Diamond Coffee Shop roasts their own coffee and has a variety of freshly baked pastries. Their goal is to be a cozy shop where skiers and snowboarders will go after a long day on the slopes. Ski and snowboard gear is allowed in the shop, so if someone forgets to bring a change of shoes they are still welcome to go in. Black Diamond Coffee Shop wants to attract anyone who loves the snow and a warm cup of coffee after a long day of skiing.
